The theme of "home" gives us an opportunity to reflect not only on our own lives, but also on deeper values such as connection, belonging and shared responsibility. Through this project, we explored how home is more than just a place—it can be a memory, a feeling, or even a vision we hope to build together. Being the Opening film is not only a recognition of the efforts of our three schools, but also a celebration of teamwork, creativity, and the stories that bring our global community closer together.
